

Brochure – Mechanical Engineering

MR ROKESH TECHNOLOGY

College Partnership Brochure – Mechanical Engineering

Philosophy: Learn – Build – Deploy – Get Hired

Department

Mechanical Engineering (08-Mechanical)

Flagship Event (Free for College)

Item	Details
Seminar Title	Design, Simulate, Manufacture: Mechanical Careers in Industry 4.0
Workshop Title	SolidWorks / CATIA 3D Modeling Marathon
Formats	Seminar
Duration	Seminar: 3 hours – Workshop: 1 day – Bootcamp: 2–3 days
Cost to College	FREE (seminar) – Workshop/Bootcamp negotiable
Certificate	Participation certificate for all attendees

What Students Gain

- SolidWorks Design
 - CATIA Design
 - ANSYS Simulation
 - CNC Programming
 - CAD/CAM
 - EV Technology
-

Training Programs (Post-Event)

Program	Duration	Outcome
Skill Sprint	2 Weeks	Awareness + mini project
Foundation	1 Month	2 guided projects + portfolio start
Job Ready	3 Months	Internship-ready + capstone
Professional	6 Months	Placement-focused full stack
Expert	9 Months	Advanced portfolio + placement sprint

Relevant tracks: 52, 45, 46, 48, 37, 47

Why Partner with MR ROKESH TECHNOLOGY?

- **53 industry-aligned tracks** across 12 academic departments

- Hands-on labs, capstone projects, and mentor-led batches
 - Placement support: resume, LinkedIn, mock interviews, portfolio reviews
 - NAAC / skill-development / IQAC-friendly programs
 - Flexible formats: on-campus, hybrid, or center-based
-

Next Steps

1. HOD / TPO confirms date and venue (auditorium or lab)
 2. MR ROKESH TECHNOLOGY provides poster + registration QR
 3. Free seminar delivered + student interest survey
 4. Optional paid bootcamp or batch enrollment for interested students
 5. MoU for long-term training partnership (optional)
