MR ROKESH TECHNOLOGY

Mechatronics Department

Robotics Meets Reality: Mechatronics Careers in Smart Manufacturing

FREE SEMINAR / WORKSHOP FOR YOUR COLLEGE

What Students Will Learn

- ROS2 robotics simulation demo
- PLC + robotics integration
- Industry 4.0 smart factory overview
- Mechatronics systems integration project

Hands-on Workshop Option

Build a Line-Following Robot in One Day

Learn “ Build “ Deploy “ Get Hired

Scan QR to Register “ Certificate Included

Training & Internship Programs “ 2 Weeks to 9 Months “ 53 Industry Tracks
