

Tier Demand Catalog

June 2026

MR ROKESH TECHNOLOGY

Tier Demand Catalog — Courses by Market Priority

Tier 1 = Highest placement demand | **Tier 2** = Strong industry demand | **Tier 3** = Specialized / niche-high-value skills

Related: [Department Course Map](#) | [Combo Packages](#) | [Master Syllabus](#)

Tier Overview

Tier	Priority	Target Outcome	Typical Duration
Tier 1	Highest demand	Job-ready in 3–6 months; placement sprint eligible	2 weeks – 9 months
Tier 2	Strong demand	Internship-ready; hardware/integration roles	1 – 6 months
Tier 3	Specialized	Design, simulation, EV, CNC, safety certifications	2 weeks – 6 months

TIER 1 — Highest Demand

Course / Program	Primary Department(s)	Also Relevant To	Track Syllabus	Tier
Computer Science Engineering (CSE)	CSE	IT	Department Map — CSE	1
Artificial Intelligence & Data Science	AI & DS	CSE, IT	05 AI/ML · 16 Data Analytics · 43 DL/NLP	1
Artificial Intelligence & Machine Learning	AI & ML	AI & DS, CSE	05 AI/ML · 43 DL/NLP · 18 AI Agents	1
Cyber Security	Cyber Security	IT, CSE	06 Cybersecurity · 44 SOC/Forensics	1
Information Technology (IT)	IT	CSE	Department Map — IT	1
Full Stack Development	CSE, IT	AI & DS	01 Full Stack	1
Cloud Computing	CSE, IT	AI & DS, AI & ML	50 Cloud Computing	1
Data Analytics	AI & DS, IT	CSE, Civil	16 Data Analytics	1
Software Testing	CSE, IT	Cyber Security	28 QA Automation	1
DevOps	CSE, IT	—	15 DevOps Engineering · 07 Cloud DevOps	1

Tier 1 Recommended Combos

Combo Name	Tracks	Departments	Duration
CSE Placement Pack	01 + 02 + 28 + 14	CSE	6 months
AI & DS Professional	05 + 16 + 17 + 43	AI & DS	6 months
AI & ML Engineer	05 + 43 + 18 + 26	AI & ML	6–9 months
Cyber Security Professional	06 + 41 + 44	Cyber Security, IT	6 months
IT Infrastructure Pack	50 + 41 + 31 + 15	IT	6 months
Full Stack + Cloud	01 + 50 + 15	CSE, IT	6 months
DevOps + Cloud	15 + 50 + 07	CSE, IT	6 months

TIER 2 — Strong Demand

Course / Program	Primary Department(s)	Also Relevant To	Track Syllabus	Tier
Electronics & Communication (ECE)	ECE	—	Department Map — ECE	2
IoT (Internet of Things)	ECE, EEE	Mechatronics, CSE	19 Robotics & IoT · 21 Raspberry Pi	2
Embedded Systems	ECE, EEE	Mechatronics	20 Embedded Systems	2
Robotics	Mechatronics, Mechanical	ECE	51 Robotics Engineering · 23 ROS2	2
Mechatronics	Mechatronics	Mechanical, EEE, ECE	42 Mechatronics Integration	2
PLC & Industrial Automation	EEE, Mechatronics	ECE, Mechanical	25 PLC & Industrial Automation	2

Tier 2 Recommended Combos

Combo Name	Tracks	Departments	Duration
ECE Embedded & IoT	20 + 22 + 21 + 19	ECE	6 months
Robotics Engineer	51 + 23 + 22	Mechatronics, Mechanical, ECE	6 months
Mechatronics Integrated	42 + 25 + 23 + 19	Mechatronics	6–9 months
Industrial Automation	25 + 20 + 38	EEE, Mechatronics	6 months

TIER 3 — Specialized / Niche-High-Value

Course / Program	Primary Department(s)	Also Relevant To	Track Syllabus	Tier
AutoCAD	Civil Engineering	Mechanical, Architecture	35 AutoCAD & Civil Design	3
SolidWorks	Mechanical Engineering	Mechatronics	52 SolidWorks Design	3
CATIA	Mechanical Engineering	Mechatronics, Aerospace	45 CATIA Design	3
ANSYS	Mechanical Engineering	Civil, Mechatronics, EEE	46 ANSYS Simulation	3
Electric Vehicle Technology	EEE, Mechanical	Mechatronics, ECE	47 Electric Vehicle Technology	3
Drone Technology	ECE, Mechanical	Mechatronics	24 Drone Programming	3
CNC Programming	Mechanical Engineering	Mechatronics	48 CNC Programming	3
Industrial Safety	All Engineering	IT (compliance)	49 Industrial Safety	3
Fashion Technology	Fashion Technology	—	53 Fashion Technology	3

Tier 3 Recommended Combos

Combo Name	Tracks	Departments	Duration
Civil Design Professional	35 + 36 + 16	Civil	3–6 months
Mechanical Design Suite	52 + 45 + 46	Mechanical	6 months
EV Engineer Pack	47 + 39 + 38	EEE, Mechanical	6 months
Manufacturing Pro	48 + 25 + 49	Mechanical, Mechatronics	6 months
Drone & Robotics	24 + 51 + 26	ECE, Mechatronics	6 months
Fashion Designer & Brand	53 + 11 + 09	Fashion Technology	3–6 months

Master Cross-Reference: Course → Department

Course Name	Tier	Primary Dept	Secondary Dept(s)
CSE (program)	1	CSE	IT
AI & Data Science	1	AI & DS	CSE, IT
AI & Machine Learning	1	AI & ML	AI & DS, CSE
Cyber Security	1	Cyber Security	IT, CSE
IT (program)	1	IT	CSE
Full Stack Development	1	CSE, IT	AI & DS
Cloud Computing	1	CSE, IT	AI & ML
Data Analytics	1	AI & DS, IT	CSE, Civil
Software Testing	1	CSE, IT	Cyber Security
DevOps	1	CSE, IT	—
ECE (program)	2	ECE	—
IoT	2	ECE, EEE	Mechatronics, CSE
Embedded Systems	2	ECE, EEE	Mechatronics
Robotics	2	Mechatronics, Mechanical	ECE
Mechatronics	2	Mechatronics	Mechanical, EEE, ECE
PLC & Industrial Automation	2	EEE, Mechatronics	ECE, Mechanical
AutoCAD	3	Civil	Mechanical
SolidWorks	3	Mechanical	Mechatronics
CATIA	3	Mechanical	Mechatronics
ANSYS	3	Mechanical	Civil, Mechatronics, EEE
Electric Vehicle Technology	3	EEE, Mechanical	Mechatronics, ECE
Drone Technology	3	ECE, Mechanical	Mechatronics
CNC Programming	3	Mechanical	Mechatronics
Industrial Safety	3	All Engineering	—
Fashion Technology	3	Fashion Technology	—

Department → Tier Summary

Department	Tier 1 Courses	Tier 2 Courses	Tier 3 Courses
CSE	Full Stack, Cloud, DevOps, Software Testing, CSE program	—	—
AI & DS	AI&DS program, Data Analytics, AI/ML foundations	—	—
AI & ML	AI&ML program, DL/NLP, AI Agents	—	—
Cyber Security	Cyber Security program, Ethical Hacking, SOC	—	—
IT	IT program, Cloud, DevOps, Testing, Network Admin	—	—
ECE	—	ECE program, IoT, Embedded, Robotics, Drone	Drone Technology
EEE	—	IoT, Embedded, PLC	EV Technology
Mechanical	—	Robotics, Mechatronics	SolidWorks, CATIA, ANSYS, CNC, EV, Drone
Mechatronics	—	Robotics, Mechatronics, PLC, IoT	SolidWorks, CATIA, ANSYS, CNC, EV, Drone
Civil	Data Analytics (elective)	—	AutoCAD, ANSYS (structural)
Fashion Technology	—	—	Fashion Technology program

Enrollment Guidance by Tier

Tier 1 — Prioritize for: - Placement drives and internship batches - 6-month and 9-month packages - Maximum marketing spend and brochure visibility

Tier 2 — Prioritize for: - ECE/EEE/Mechatronics department tie-ups - Lab/hardware kit bundles - Industry 4.0 and automation partnerships

Tier 3 — Prioritize for: - Specialized skill add-ons - Working professionals upskilling - College elective credit modules (1–3 months) - **Fashion Technology**, design, and creative industry partnerships
