

Track 14: Career Development & Soft Skills

June 2026

Track 14: Career Development & Soft Skills

MR ROKESH TECHNOLOGY — Training & Internship Programs

Service type: Integrated into ALL technical tracks from Week 1 — not a standalone technical track

Related: [Master Syllabus](#) | [Combo Packages](#) | [Project Progression](#)

Service Overview

Who this is for: Every enrolled student across all technical tracks (Tracks 1–11).

Integration model: Career modules run on a fixed schedule based on program duration — not as optional add-ons.

Goal: Transform technical skills into job offers through communication, portfolio, and interview readiness.

Integration Matrix (When Modules Run)

Module	2 Weeks	1 Month	3 Months	6 Months	9 Months
Self-introduction & communication	Week 1	Week 1	Week 1	Week 1	Week 1
Resume + LinkedIn	—	Week 2–3	Month 1	Month 1	Month 1
Portfolio + GitHub	—	Week 4	Month 2	Month 2–3	Month 2–3
Interview prep (aptitude + technical)	—	—	Month 3	Month 4–6 (weekly)	Month 4–8 (weekly)
Placement sprint	—	—	—	Month 6	Month 8–9

Outcomes by Duration

Duration	Career Readiness	Key Deliverables
2 Weeks	Communication basics	Intro video + basic resume draft
1 Month	Portfolio started	ATS resume + LinkedIn audit
3 Months	Internship-ready profile	3+ GitHub projects with case studies
6 Months	Interview-ready	Weekly mocks; 10+ applications submitted
9 Months	Placement-ready	50+ applications; HR + technical mock series

Module 1: Self-Introduction & Communication (All Tracks, Week 1)

Activities: - Record 2-minute self-introduction video - Peer review using feedback rubric - Professional email writing exercise - Active listening workshop

Deliverables: - [] Intro video (recorded and reviewed) - [] Written bio (100 words) for LinkedIn/GitHub - [] Professional email to mentor (subject line, greeting, body, sign-off)

Assessment rubric:

Criterion	Points
Clarity and structure	25
Confidence and delivery	25
Relevant skills mentioned	25
Professional tone	25

Module 2: Resume + LinkedIn (1 Month+)

Timing: Week 2–3 (1-month) | Month 1 (3-month+)

Activities: - ATS-optimized resume workshop (1-page rule for juniors) - LinkedIn profile audit and optimization - Action verb and quantified achievement exercise - Headline and summary writing

Deliverables: - ☐ Resume (PDF) passing ATS scan (Jobscan or mentor review) - ☐ LinkedIn profile with: professional photo, headline, summary, 3+ skills, project links - ☐ Resume tailored for one target role (Full Stack / Data / etc.)

Resume template sections: 1. Contact info 2. Summary (2–3 lines) 3. Skills (grouped by category) 4. Projects (3+ with tech stack and outcome) 5. Education 6. Certifications (if any)

Module 3: Portfolio + GitHub (3 Months+)

Timing: Month 2 (3-month) | Month 2–3 (6-month+)

Activities: - GitHub profile README optimization - Project case study writing (problem → solution → result) - Portfolio website review (optional: deploy on GitHub Pages) - Code review etiquette and contributing guidelines

Deliverables: - [] GitHub profile with pinned repos (3+) - [] Each project README includes: description, stack, screenshots, live demo, learnings - [] One written case study (500+ words) for best project

See also: [GitHub Portfolio Requirements](#)

Module 4: Interview Prep (6 Months+)

Timing: Month 4–6 (6-month, weekly) | Month 4–8 (9-month, weekly)

Activities: - Aptitude practice (logical, quantitative, verbal) — 2 hrs/week - Technical mock interviews (track-specific) — 1 hr/week - Behavioral questions (STAR method) — bi-weekly - System design intro (9-month only) — 2 sessions/month

Weekly schedule (6-month+):

Day	Activity
Tuesday	Aptitude set (10 problems)
Thursday	Technical mock (45 min + feedback)
Saturday	Behavioral STAR practice (2 questions)

Deliverables: - [] Aptitude log (100+ problems over program) - [] 8+ technical mock interviews completed - [] STAR stories documented (5 situations) - [] Mock interview score improvement tracked

Track-specific interview topics:

Track	Focus Areas
Full Stack	JS/React/Node, REST, auth, SQL vs NoSQL
Database	Normalization, indexing, query optimization
Programming	DSA, OOP, complexity analysis
Mobile	Flutter/RN lifecycle, state management
AI/ML	ML pipeline, metrics, overfitting, deployment
Cybersecurity	OWASP, pentest methodology, tools
DevOps	Docker, K8s, CI/CD, monitoring
Cloud	AWS services, architecture, IAM
UI/UX	Design process, portfolio walkthrough
Digital Marketing	Campaign metrics, SEO, platform tools

Module 5: Placement Sprint (9 Months)

Timing: Month 8–9

Activities: - Company-targeted application strategy (50+ applications) - HR mock interviews (salary negotiation, culture fit) - Technical panel mock (2 interviewers, 60 min) - Offer evaluation and decision framework

Deliverables: - [] Application tracker spreadsheet (company, role, date, status) - [] 50+ applications submitted - [] 5+ HR mock sessions completed - [] 3+ technical panel mocks completed - [] Offer comparison matrix (if multiple offers)

Application tracker columns: Company | Role | Date Applied | Status | Follow-up | Notes

Assessment Rubric (Career Modules)

Component	Weight	Criteria
Module Deliverables	50%	Resume, LinkedIn, portfolio, mocks completed
Quality & Improvement	30%	Mentor-rated improvement over time
Engagement	20%	Attendance, punctuality, follow-through

Career module grades may be integrated into overall program assessment at 10% weight — configured per package.

Mentor Touchpoint Schedule

Duration	Career Sessions
2 Weeks	2 (intro + feedback)
1 Month	4 (weekly check-in)
3 Months	6 (bi-weekly)
6 Months	12 (weekly from M4)
9 Months	20+ (weekly + placement sprint)

Appendix: Mentor Notes

Common pitfalls: Generic resume with no projects; empty GitHub; skipping mock interviews; applying without tailoring resume.

Resources: LinkedIn Learning (interview prep), Pramp (peer mocks), LeetCode (technical), IndiaBIX

(aptitude).

Cross-track integration: Every technical track file references this track; mentors must schedule career modules alongside technical labs per the integration matrix above.

Pairs with: [Track 12 — School Projects](#) for viva prep; [Track 13 — Thesis Writing](#) for presentation skills.
