June 2026

Track 53: Fashion Technology

Tier 3 — Specialized | Department: Fashion Technology

Skill path: Fashion Illustration → Textile Science → Pattern Making → Garment Construction → CAD/CAM Fashion → Portfolio → Merchandising → Sustainable Fashion

Related: [Track 09 — UI/UX & Web Design](#) · [Track 11 — Digital Marketing](#) · [Department Map](#)

Track Overview

Who this is for: Fashion design students, textile graduates, aspiring fashion designers, merchandisers, and entrepreneurs launching apparel brands.

Prerequisites: Basic drawing skills helpful; no prior fashion education required for 2-week/1-month tiers.

Tools: Adobe Illustrator/Photoshop, CLO 3D or Optitex (intro), Gerber Accumark (intro, 6-month+), sewing lab equipment, dress forms, fabric swatches.

Certification targets: Portfolio-ready for design houses; Adobe Certified Professional (optional, 6-month)

Outcomes by Duration

Duration	Hours	Job Readiness	Key Deliverables
2 Weeks	40–50	Fashion awareness	Illustration board + basic garment
1 Month	80–100	Junior design assistant	Mini collection (3 looks)
3 Months	250–300	Internship-ready	Capsule collection + lookbook
6 Months	500–600	Job-ready designer/technologist	Portfolio + fashion CAD project
9 Months	750–900	Industry-ready	Graduate collection + brand pitch

Weekly Rhythm (All Durations)

Mon–Thu design/construction labs | Fri project milestone | Sat critique session | Sun portfolio

documentation

2-Week Crash Course

Mini Project: Fashion illustration board + stitched sample | **Level:** L1

Days	Topics	Deliverable	Self-Check
D1–2	Fashion history, elements of design, color theory	Mood board	Name 5 elements of design
D3–4	Fashion illustration: croquis, rendering techniques	5 illustrated figures	
D5–6	Textile basics: fibers, weaves, finishes	Fabric swatch book (10 samples)	
D7–8	Pattern making intro: bodice block, skirt block	Paper patterns	
D9–10	Basic garment construction, capstone	Illustration board + stitched sample	

Submission checklist: - ☐ Mood board with theme statement - ☐ 5 fashion illustrations with color - ☐ Fabric swatch book labeled - ☐ One completed stitched garment or sample

1-Month Foundation

Capstone: Mini collection (3 coordinated looks) | **Level:** L2

Week	Topics	Project
W1	Illustration advanced, design process, trend research	Trend report + illustrations
W2	Textile science, fabric selection, sourcing intro	Fabric specification sheet
W3	Pattern drafting, grading intro, toile fitting	Pattern set for 1 design
W4	Garment construction, finishing, lookbook layout	Mini collection (3 looks) + lookbook

W4 acceptance criteria: - ☐ 3 coordinated designs with illustrations - ☐ At least 1 garment fully constructed - ☐ Lookbook PDF (6+ pages) - ☐ Costing sheet (basic)

3-Month Job Ready

Capstone: Capsule collection + fashion CAD | **Level:** L3

Month	Topics	Projects
M1	Advanced illustration, design development, collection planning	Design portfolio (10+ sketches)
M2	Pattern making: sleeves, collars, trousers, draping intro	Pattern library + draped sample
M3	CLO 3D / digital fashion CAD, tech packs, capstone	Capsule collection (5 looks) + tech packs

M3 Capstone acceptance criteria: - [] 5-look capsule with cohesive theme - [] Tech packs for each look (flat sketches, BOM, measurements) - [] 3D digital garment simulation OR fully constructed hero piece - [] Lookbook + cost sheet

6-Month Professional

Month	Topics	Projects
M1	Design fundamentals, illustration, textiles	Trend-driven design portfolio
M2	Pattern making, draping, garment construction	Ready-to-wear garment line (3 pieces)
M3	Fashion CAD (CLO 3D/Optitex), digital sampling	Digital collection
M4	Merchandising, range planning, costing, sourcing	Merchandise plan for season
M5	Sustainable fashion, zero-waste design, branding	Sustainable design project
M6	Portfolio development, fashion show prep, capstone	Industry-ready portfolio + brand pitch

M6 Capstone acceptance criteria (L4): - [] Portfolio with 3+ completed projects - [] Range plan with costing and margin analysis - [] Digital + physical sample of hero garment - [] Brand identity (logo, label, lookbook) - [] 10-minute collection presentation

9-Month Advanced

Capstones: Graduate fashion collection + fashion brand launch plan | **Level:** L5

Additional modules: - Couture techniques intro - Fashion marketing ([Track 11](#) integration) - E-commerce for fashion brands - Internship with boutique/design house (optional) - Fashion photography and styling - Export documentation and apparel production management

Phase	Focus
M1–M6	Complete 6-month curriculum
M7	Advanced draping + couture finishing techniques
M8	Production planning, factory liaison, quality control
M9	Graduate collection (8+ looks) + brand launch pitch + fashion show

Capstone 1 — Graduate Collection: - [] 8+ look cohesive collection - [] Full tech pack package - [] Runway or lookbook photoshoot - [] Production cost analysis

Capstone 2 — Brand Launch Plan: - [] Brand identity system - [] E-commerce or social commerce strategy - [] 3-season merchandise calendar - [] Investor/customer pitch deck

Assessment Rubric (Track-Specific)

Component	Weight	Criteria
Weekly Quiz	20%	Textiles, design principles, terminology
Lab Completion	40%	Illustrations, patterns, construction quality
Project	30%	Collection cohesion, craftsmanship, presentation
Portfolio	10%	Lookbook, tech packs, digital portfolio

Recommended Resources

- Adobe Fashion Illustration tutorials
- CLO 3D learning resources
- Textile science reference: Fabric for Fashion (Clive Hallett)

Cross-Track Integration

Need	Track
Visual design & branding	09 UI/UX & Web Design
Fashion brand marketing	11 Digital Marketing
E-commerce website	01 Full Stack Development
Business documentation	10 Office Suite & Tally
Career & portfolio prep	14 Career Development
College fashion project support	12 School & College Projects

Appendix: Mentor Notes

Lab requirements: Sewing machines, dress forms, ironing stations, cutting tables, minimum 2m fabric per student per project.

Common pitfalls: Skipping toile fittings; poor fabric grain alignment; illustrations without proportion; tech packs missing measurements.

Optional stretch goals: Participate in local fashion show; collaborate with [Track 11](#) for brand launch campaign.

Recommended combo: Fashion Technology + Digital Marketing (6-month) for designer-entrepreneurs.
